**Databases & APIs:** MongoDB, MySQL, GraphQL, RESTful APIs

**Tools & Platforms:** Git, GitHub, GSAP, Clerk Authentication

**Soft Skills:** Problem-Solving, Collaboration, Adaptability, Communication, Creative Thinking, Technical Storytelling

---

### EXPERIENCE

#### Electronics & IT Department Associate

*Mission Thrift Store – Kitchener, ON*

*Sep 2024 – Jun 2025*

- Delivered personalized customer support for electronics and tech-related queries, enhancing user satisfaction.
- Diagnosed, priced, and displayed refurbished electronic goods, improving inventory turnover and visual merchandising.
- Supported cross-departmental workflow, boosting overall store efficiency by 20%.
- Provided basic tech troubleshooting for staff, ensuring uninterrupted operation of point-of-sale and computer systems.

#### Support Worker

*Vivre+ Chez Soi – Kitchener, ON*

*Sep 2024 – Jun 2025*

- Assisted clients with daily routines and emotional support, fostering safe and independent living.
- Ensured hygienic, organized spaces and monitored client well-being, contributing to improved care standards.

- Built trusting relationships through consistent communication and empathy, increasing client satisfaction.
- 

## PROJECTS

### Travel App – Hilink (AR Outdoor Explorer)

[Live Site](#)

*React.js, Next.js, TypeScript, Node.js, Tailwind CSS, AR Integration*

- Designed an immersive travel experience with offline map access and augmented reality-based route guidance.
- Enhanced usability for adventure travelers through dynamic scheduling and route planning.

### Vendor Village – Full-Stack E-Commerce Website

[Live Site](#)

*React.js, Node.js, Express.js, MongoDB, Clerk Auth, Tailwind CSS, RESTful APIs*

- Developed a responsive, scalable platform for local vendors to manage inventory, process payments, and track orders.
- Integrated secure user authentication and dynamic product rendering.

### Spotify Clone – Music Streaming Platform

*React.js, Redux, Node.js, MongoDB, GSAP, Tailwind CSS*

- Recreated core Spotify UI/UX, enabling users to search, play, and manage music playlists.
- Utilized animations and smooth transitions for an interactive experience.

### TinDog – Subscription-Based Front Page

[Live Site](#)

*HTML, CSS, Bootstrap*

- Designed a clean, responsive landing page for a fictional subscription-based dating app for pets.
- 

## EDUCATION
